Consumer activities:

We are very grateful for the contributions of members of the parenthood advisory group to pregnancy in kidney disease research. In 2020, our consumers have been involved in:

- Designing research studies
- Setting research priorities
- Developing data collection tools and consumer friendly visual summaries of research outputs
- Attending and presenting at scientific meetings
 - BEAT-CKD consumer session "Changing the world from a consumer perspectives": [click here](#)
 - Polycystic kidney disease in pregnancy seminar: [click here](#)
 - Introductory workshop for kidney consumers

We have held three consumer advisory group meetings in 2020.

What's next:

- Facebook page for consumers
- Consumer friendly research outputs
- Toolkits for patients and clinicians to navigate parenthood with kidney disease
